

September 2022 – Club Updates

The above picture was taken by Ron Harckham on our recent photo walk around Old Portsmouth, it was a lovely evening with great late evening sun.

We are sure you will all be keen to understand the competition titles for the upcoming season so please see them below and we have cards made kindly by Richard to hand out at our next meeting.

Update from Chairman

Ron Harckham

Hello everyone, I hope you are all doing well and looking forward to the new photography season ahead.

At the recent AGM, we all sat down to discuss the club and programme for the coming year. One of the actions I took is to draft and send out a newsletter monthly to let you all know about upcoming events.

Additionally, we would like to use this slot for a member profile each month, so if interested let me know.

This newsletter will also contain competition winners and selected photos from our events.

The committee recognise that we need to grow the club membership and we are working on ideas to do this and will update you all via this newsletter monthly.

*It is great to see you all sharing your photos on our Facebook page both on club events and what you have been shooting during the summer. The below shot of the moon caught my eye and was taken by **Kevin Lee**, for more see overleaf.*
